

SUPERNATURAL Episode 923 Story notes

March 5, 2014

Jeremy, Andrew, Jenny, Bob B.

METATRON:

- **Need Metatron to do something to threaten humanity to get it going, and the threat of doing more.**
- **He goes in – does his speech. I’m Metatron, I’m God. Everyone is skeptical. Okay, so, I’ll see you guys around.**
 - **It’s a focus group – how did I do?**
 - **“I didn’t like his tie.”**
 - **Image consultant says that people don’t like him.**
 - **People are going to love me.**
 - **“I thought he was creepy, I got a real child molester vibe.”**
 - **He gets mad, and then someone pulls a pencil and stabs someone in the eye.**
- **Image consultant – They don’t even like you.**
 - **Metatron: They WILL love me.**
 - **He’s going to go the darker way.**
 - **If they’re not going to love him, he’s going to use fear.**
- **Then if/when he shows up in the town – he says this is where it starts.**
- **Cass and Metatron have a deep relationship at this point –**
 - **They worked together, he gave Cass a second chance, he didn’t take it, and now Cass won’t go away.**
- **At first, he didn’t want to make Cass a martyr, but now that Cass has no followers, Metatron will be a hero for killing him.**
- **Metatron and the small town:**
 - **Metatron wanted to see the world, left the casino. Everyone in the town treated him like crap, so now he’s back for revenge.**
 - **Metatron’s personal bullshit writ large.**
- **Metatron and the girl:**
 - **Girl came to the casino with her family – Metatron met her and felt connected.**

- Metatron was staying off the radar – encountered a young woman who was a bibliophile. He thought she was his soulmate. Nearing the wedding date, she snaps – “I can’t live this small.” For him, this destroyed his ego.
 - What she wants, he can’t give her because he’s got to keep low.
- **Have an opening scene where we see the angels are all in heaven, they come up.**
 - **Metatron is having his TED Talks moment – his spiel. The angels say they’ve been talking and they say no. The angels are rejecting Metatron.**
 - “After all I did?”
 - **He spins it that he taught them the essence of free will.**
 - **You’re more educated now, more compassionate.**
- **Episode starts with the rejection of Metatron, and then spins out as revenge from there.**
- **Anthony Weiner model:**
 - Looking at the nerdy guy who has too much power.
 - He’s never gotten the girl before.
 - Sam and Dean roll into town – there seems like there’s some Metatron stuff going on.
 - Meets something they don’t know what it is – tosses them around, beats Cass up.
 - It’s Metatron’s son.
 - There are women in this town he’s impregnated. He’s making Nephilim.
 - The angels aren’t on his side, so he’s putting his children on earth.
 - He’s starting an army – rosemary’s baby type stuff.
 - Nerd rage – I’m going to make girls fall in love with me because I can, I’m god.
 - Angels are in Heaven, I don’t trust them to fight for me anymore.
 - He’s sowing his seed.
 - He’s got multiple “wives.” He’s got a bunch of different families.
 - “God said go forth and multiply. That’s what I’m doing.”
- **The angels reject him. Fuck you all, you’re going to pay for this.**
- **They’re up in Heaven – they pledged allegiance.**
 - Angels think he’s done.
 - You can’t kick me out of my own clubhouse, guys.
 - This is a coup – you’re out, Metatron.
 - All he wanted was to be liked – but you guys gotta like me.
 - No, you’re just kind of a dick.
 - Metatron on Earth – fuck it, now everybody dies.
 - Okay, I’ve got the tablets. I’m going to nuke Heaven. I’m going to nuke every angel.

- It restores your faith in angels when they kick him back out.
- Last season, he wanted Heaven all to himself. This season, he wanted them to appreciate him.
 - o "I will obliterate Heaven."
- Goes up to Heaven, Metatron gets kicked out.
 - o Metatron has the tablets.
 - o Some humans bump past him – "Out of the way, asshole."
 - o You know what, fuck it. He's going to end all creation.
 - o I know what everybody else doesn't know.
 - o You have to go where it all began, you have to go back to the Garden of Eden. – in Missouri.
 - o To use a switch where all of it gets erased.
 - Does a ritual where he's killing everything.
 - o We've never seen him bloodily kill anybody.
 - o End of 22, he's won.
 - o Teaser of 23, it's Metatron triumphant.
 - Gadreel gets away, what can we do?
 - o Once Metatron shows up to end all creation, now they have to find him.
 - o It's a case to work.
 - o It could be a Season 10 thing – his master revenge scheme.
- If it's not Gadreel telling Metatron the angels reject him, who is it?
- Do the version where Metatron is coming to Earth to win the humans. There may be a moment in that where the angels reject him.
 - o He's got guards everywhere at his base of operations. Cass walks in. Metatron – but I had guards? Hannah: "Good luck" and walks out.
- He's won over the angels and now he's going to win over the humans. With the angels, they really need convincing.
 - o With humans, they want a show. It's smoke and mirrors to get their attention.
- Metatron at rotary club or on top of a mountain or a hill holding the tablets.
 - o He starts doing the God thing and it cuts out.
 - o Cut to the boys seeing it play out on TV.
 - o "When this is angel vs angel, I'm not shedding a tear. But now this guy is spilling blood on our turf."
 - o How are we gonna kill him? "There's only one way, the blade."

DEAN:

- **Dean has stabbed Gadreel – Sam has a problem with it.**
- **Sam takes the blade/throws Dean in the dungeon/summons Crowley to get to the bottom of it.**
 - o **First major thing: “You think I’m breaking bad. I’m not gonna lie to you, this is the moment, Sam. You’re gonna let me kill him, or humanity will suffer.”**
- **Tease it – this is it. This is the climax. “Let me go, let me do it.” Sam – “I don’t have a chance, I’ve got to let you go.”**
 - o Dean gets defeated by Metatron, and then Sam doesn’t let him go again.
- **If we’re playing that Dean knows he’s dying, Crowley would be who he reaches out to.**
 - o Crowley tells him he’s dying.
 - o Can anybody do anything?
 - o “Cain survived it, but I don’t think you can.”
 - o Dean – alright, then I know what I’ve got to do.

CROWLEY:

- **If you bring Crowley in, you bring him in on the boys side.**
 - o **He can vanquish Metatron and have dean as his #1 gunslinger.**
- **Crowley got the crown again and doesn’t love it. Metatron loves his new crown.**
- **Play Crowley as “Why help defeat Metatron? There’s going to be another one.”**
 - o You want to take over heaven, right? “I have to deal with demons, you think I want to deal with angels?”
- **What does Crowley know and when does he know it?**
 - o **He knew Dean would become addicted to the blade.**
- **As soon as he lays eyes on Dean, Crowley knows Dean is changing into a demon.**
- **There’s a hidden lore – could be demon history – where there’s a passage that reads “...And Cain walked into darkness and became darkness.”**
 - o Something that Crowley knows about that isn’t common knowledge.

- **If Dean thinks he's dying, everything is explained by only having 24 hours left to live.**
 - Everyone sees that Dean is really driven, but we know that he's driven because he's dying.
